

Below are the settings we used for Running with Scissors Episode 1

The settings used remained similar all throughout the 4 different tests: Two 50 session tests for useAble and two 1000 session tests with TensorFlow

For the results shown at [Video 7:21](#)

General Settings	
Starting Altitude	10,000 meters
Starting Fuel	200

useAble Settings		
Sessions	50	
Number of Session Randomness	100%	
	Min	Max
Linear Bracket	3	15
	Starting	Ending
Randomness	30%	0%

Tensorflow Settings	
Sessions	50
Random Action Prob	0.9
Random Action Decay	0.99
Hidden1 Size	200
Hidden2 Size	100
Learning Rate	0.002
Minibatch Size	50
Discount Factor	0.9
Target Update Frequency	300
